

QUICK FACTS

WAS YOUR HOUSEHOLD IMPACTED BY A HURRICANE? LOW-INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP)

UPDATED: September 2024

ABOUT

Does your heating and cooling system need to be repaired or replaced as a result of damage from a Hurricane?

Help is here! The Low-Income Home Energy Assistance Program (LIHEAP) is a federally funded program that helps income-eligible families with these expenses. FloridaCommerce works with a network of Community Action Agencies throughout the state of Florida to get this money directly to households in need.

LIHEAP funds may provide disaster financial assistance for the following:

- To reconnect home power, including utility deposits, late fees, and reconnect fees.
- To pay for temporary housing.
- To buy generators and help pay for generator fuel.
- To reconnect power lost due to a storm, including electrical wiring or gas line inspection, utility box replacement, contractor's or subcontractor's cost to repair electrical wiring or gas lines, or other fees required to assure resumption of services.
- To purchase or repair air conditioning and heating systems, including paying for installation of new systems.

ELIGIBILITY

Check the chart below to see if your household qualifies for LIHEAP, if your household makes less than the maximum annual income for the number of people in your listed household, you are eligible for assistance:

Household Size	Maximum Annual Income	Household Size	Maximum Annual Income
1	\$30,588	5	\$68,234
2	\$40,000	6	\$77,646
3	\$49,411	7	\$79,411
4	\$58,823	8	\$81,175

HOW TO APPLY

For more information on the benefits available or to apply for assistance, please visit www.FloridaJobs.org/LIHEAPHelp.
